OFFICE OF THE SECRETARY TO THE GOVERNOR OF MADRAS.

PRINCE OF WALES'S ROYAL INDIAN MILITARY COLLEGE, DEHRA DUN.

No. 4.—(1) In connexion with the admission of candidates to the Prince of Wales's Royal Indian Military College, Dehra Dun, the following information is published for the use of intending candidates :—

The College provides a public school education on English lines for Indian and Anglo-Indian youths who desire subsequently to enter a cadet college with a view to obtaining commissions in the Indian Land Forces, the Indian Air Force or the Royal Indian Navy, and training any of these services their profession in life. The course of study at the College will, however, be such that, should a boy fail in the competitive examination for admission to a cadet college or for entry in the Royal Indian Navy, he will be in as favourable a position for entry to a university as if he had been educated at an ordinary school.

(2) Candidates will be selected from unmarried Indian and Anglo-Indian boys of—

(a) Provinces of British India.

(b) Indian States.

Nominations will be made by His Excellency the Commander-in-Chief on the recommendation of the Local Government or Administration or the Political Officer, as the case may be.

(3) Candidates must have attained the age of eleven years and be under twelve years on the 1st August 1938.

(4) Candidates should attach to their applications a medical certificate from the Officer Commanding a British or Indian Station Hospital or a Civil Surgeon to the effect that they are physically fit in all respects in accordance with Appendix A to this notification.

(5) The fees will be Rs 1,500 for each school year and are liable to enhancement hereafter, if circumstances require. These fees will include tuition, messing, school servants and medical attendance of the ordinary kind, and, an initial provision, one suit of the uniform to be worn by students when at the College. Charges on account of washing of cadets' clothing and mending their clothing, boots and shoes, as well as the cost of books and stationery (which will be supplied by the College) will be met by the parents or guardians of the cadets.

In addition to the fees referred to above, the parent or guardian of a cadet will be required to deposit with the College authorities, on his entering the College, the sum of Rs. 50 which will be returned when the cadet finally leaves the College provided that all dues have been paid.

In the event of it becoming necessary for cadets to be admitted into a civil hospital, all charges incurred will be borne by the parents or guardians of the cadets.

A full term's notice is required to be given of intention to withdraw a cadet from the College. In the event of such notice not being given, the parent or guardian will be required to pay one full term's fees in lieu, unless it is considered that the circumstances in which the cadet was withdrawn are such as to call for special consideration.

NOTE.—In the past, remissions of fees have been made, in certain hardship cases, in the case of Indian soldiers. Such remissions will be discontinued should further orders, and full fees will be levied in respect of cadets who are the sons of Indian soldiers and who are admitted to the College in the future.

(6) Entry to the College will not be open to candidates who are already married.

(7) Parents or guardians of candidates for admission to the College, at the time of the submission of the applications, will furnish signed declarations (in duplicate) in the following form —

"I, _____ father / guardian of _____, a candidate for admission to the Prince of Wales's Royal Indian Military College, Dehra Dun, declare that it is my desire that my son / ward should make the Indian Army, Air Force or Royal Indian Navy his profession in life.

I further declare that I have made myself acquainted with the fees payable at the Prince of Wales's Royal Indian Military College, and subsequently, at the Indian Military Academy, Dehra Dun (viz., Rs. 3,850 for a course of 2½ years), and at the Royal Air Force College, Cranwell (viz., £256–8 for a course of 2 years); and expenditure to be incurred in connexion with the training of cadets for appointment as commissioned officers of the Royal Indian Navy (viz., £250 in the case of the Executive Branch and £475 for the Engineer Branch), and that I am able and willing to pay the prescribed fees and meet the expenditure in the case of the Royal Indian Navy, as also the incidental expenses.

I declare also that—

(a) if my son / ward withdraws from the Prince of Wales's Royal Indian Military College before appearing at an examination for admission to the Indian Military Academy, the Royal Air Force College, Cranwell, or the Royal Indian Navy,

or

(b) if, having been declared successful at one of the examinations mentioned at (a) above, does not proceed to one of the institutions with the intention of adopting the Indian Army, Indian Air Force or Royal Indian Navy as his profession, *for reasons within his control or made* (on which points final decision will rest with the Government of India), I shall be required to pay the full cost which Government may have incurred on his education at the Prince of Wales's Royal Indian Military College.

I declare also that my son / ward is unmarried and that he will remain a bachelor whilst at the College and until he has completed, subsequently a course at the Indian Military Academy, Royal Air Force College, Cranwell, or for admission to the Royal Indian Navy.

PRESS COMMUNIQUÉ

Fort St. George, March 30, 1938.

No. 325.—

The following summary of the Madras Agriculturists' Relief Act, 1938, is published with a view to apprise the public of the provisions of this important measure. Since there was a controversy over many of the provisions of this measure when it was considered by the Legislature it is important that the final shape of the relief afforded to agriculturists under the Act which is now law should be as widely known as possible. No copy right is reserved in regard to this summary; and political and social workers and organizations throughout the Province are requested to copy, translate and publish it so as to reach the agriculturists in the villages.

THE MADRAS AGRICULTURISTS' RELIEF ACT.

(In force from 22nd March 1938.)

1. OBJECT OF ACT.

The object of the Act is to give relief to indebted agriculturists. This object is attained by:—

(1) Scaling down their existing debts
(2) Reducing the rate of interest on their future debts.
(3) Writing-off the arrears of rent dues to zamindars, jenmis and other landholders.

2. DEBTS SCALED DOWN.

Debts are classified into two categories:—

(a) those which were incurred before 1st October 1932; and
(b) those which were incurred on or after that date.

The relief given is different in the two cases.

(A) DEBTS INCURRED BEFORE 1ST OCTOBER 1932.

1. In the case of these debts, all interest outstanding on 1st October 1937 is wiped out and only the principal or such portion of the principal as may not have been paid will be due from the agriculturist.

2. Where an agriculturist has paid twice the amount of the principal to his creditor by way of interest or principal or both, the entired debt (principal and interest) is wiped out.

8. Where the repayments made exceed the principal, but are less than twice the principal, only such amounts as would be necessary to bring up the amounts repaid to twice the principal, or such portion of the principal as is outstanding, whichever is less, need be paid.

4. Where a debt has been renewed and a fresh document has been executed, only the principal originally advanced together with the sums subsequently advanced as principal will be regarded as the principal for the purpose of these provisions.

(B) DEBTS INCURRED ON OR AFTER 1st OCTOBER 1932.

In the case of these debts, the principal or such portion thereof as may be outstanding is not affected and will have to be repaid. Relief is given only in respect of interest. Interest is calculated at 3 per cent per annum simple interest. All payments made by the agriculturist towards interest are deducted from the interest as so calculated, and only the balance, if any, will be due from the agriculturist.

3. FUTURE INTEREST.

No debt incurred by an agriculturist *after the 22nd March* 1938 will bear interest at a rate exceeding 1 pie per rupee per mensem simple interest, or one anna per rupee per annum simple interest. This is the same as 6¼ per cent.

4. WHOM DOES THE ACT BENEFIT?

Every person who has a saleable interest in any agricultural land not situated within a municipality or cantonment is entitled to the benefits of the Act. Persons who hold land as ryots or tenants under zamindars or inamdars are also entitled to the relief provided. So are persons who hold an interest in land as kanamdars, kozhikanamdars or verumpattamdars under jannis in Malabar.

Lessees and sub-lessees are also benefited by the Act.

Large zamindars, jannis, and inamdars have, however, been excluded from the benefit of the Act. A landholder of an estate who pays more than 500 rupees as peshkash, a jenmi who pays more than that sum as land revenue, and an inamdar who pays more than 100 rupees as quit-rent or jodi will not be entitled to the benefit of the Act. Ryotwari pattadars will, however, derive the benefit irrespective of the amount of land revenue paid by them. Even an agriculturist who has been declared insolvent will get the benefits of this Act if his property has not been already sold and payment made to his creditors out of the sale proceeds.

5. WHO CANNOT GET BENEFIT UNDER THE ACT?

The Act does not give relief to the following persons —

(a) Persons who were assessed to income-tax in the year 1936–37 or 1937–38;

(b) Persons who have been assessed to profession tax on a half-yearly income of more than Rs. 300 or to property tax or house-tax in respect of buildings or lands of an annual rental value of Rs. 600 or more in a municipality, cantonment or ex-union panchayat.

6. DEBTS NOT AFFECTED BY THE ACT?

The following debts are not affected by the Act and will have to be paid in full:—

(a) Usufructuary mortgages where no rate of interest is stipulated;

(b) Any balance of purchase money due in respect of immovable property which has been sold;

(c) Any sums due to a public company or bank, provided the interest payable is not more than 9 per cent per annum;

(d) Any sum declared as costs by any court;

(e) Any sum spent to preserve mortgaged property;

(f) Any sums due to Government or to local bodies;

(g) Any sums due on a mortgage of house property alone in a municipality, cantonment or ex-union panchayat;

(h) Any sum due to a co-operative society or a land mortgage bank;

(i) Sums due on the 1st October 1937 to a woman creditor not owning any other property (exclusive of the house in which she lives, wearing apparel, jewellery and the like), provided that the principal amount of the property owned by the woman in the shape of debts due to her is 3,000 rupees or less;

(j) Wages due to agricultural or other rural labourers;

(k) Any liability arising out of a breach of trust; and

(l) Any sum payable as maintenance.

7. JOINT FAMILIES.

Joint families will also be entitled to the benefit of the Act. If the family as a whole was assessed to income-tax or to any profession or property tax which would have disentitled an individual assessee to the benefit of the Act, neither the family nor any member of the family would be treated as an agriculturist. If certain members of a joint family are agriculturists while others are not, the family debt will be divided and the shares of the agriculturist and of the non-agriculturist members ascertained separately. The non-agriculturist members will remain liable for their full share of the debt, while the agriculturist members will have their share of the debt scaled down in accordance with the provisions of the Act.

8. DECREES RE-OPENED.

'Debt' as defined by the Act will include decree debts also, and so any amount due under a decree which remained unsatisfied on the 22nd March 1938 will, on the application of the agriculturist judgment-debtor, be scaled down in accordance with the provisions of the Act.

Proceedings in execution of a decree will, on application, be stayed until the decree is amended. An application for the amendment of the decree should, however, be made within 60 days of the stay order.

9. SALES SET ASIDE.

Any costs allowed to the decree-holder in a suit instituted after 1st October 1937, are also liable to be reduced.

Where immovable property of an agriculturist has been sold or foreclosed on or after 1st October 1937, the agriculturist debtor is entitled to apply to the Court within 90 days after the 22nd March 1938, for setting aside the sale or foreclosure of the property. In such cases, the interest of the creditor is safeguarded by providing that alienations of immovable property made by an agriculturist debtor on or after the 1st October 1937 will be invalid against the creditor concerned.

Where any movable property of an agriculturist has been sold on or after 1st October 1937, the sale will stand but the decree-holder is required to refund any sum received by him on or after that date in excess of the sum to which he would have been entitled if the property had not been sold.

10. INFORMATION FURNISHED.

Creditors are entitled to apply to the Collector of the district or to the executive authority of the municipality or local board concerned, for information as to whether their debtors have been assessed to income-tax or to profession, property or house tax in a cantonment, municipality or ex-union panchayat. The information furnished by the Collector or executive authority is receivable as evidence in Courts of law.

11. ARREARS OF RENT WRITTEN OFF.

All arrears of rent due to landholders or undertenure holders under the Madras Estates Land Act or jenmis or intermediaries under the Malabar Tenancy Act, for fasli 1345 and earlier faslis are to be treated as discharged, subject to two conditions, viz., (a) that the rent for fasli 1347 is paid on or before 30th September 1938 and (b) that the rent for fasli 1346 is paid on or before 30th September 1939. Where only a portion of the rent for fasli 1346 has been paid before 30th September 1939, the rent for fasli 1347 having been paid before 30th September 1938, the arrears for faslis 1345, etc., will be discharged only to the same proportion as the rent actually paid for faslis 1346 and 1347 bears to the full rent due for those two faslis.

Land-cess recoverable by a landholder under the Madras Local Boards Act, land revenue and water-cess payable by the tenant, and costs awarded in decrees for rent, will not be wiped out and the landlord will be entitled to recover them in addition to the rent for faslis 1346 and 1347.

In cases in which proceedings for the recovery of rent stood stayed by the Madras Estates Land Amendment Act (Madras Act VIII of 1934), the rent for fasli 1345 will also be due, though the date for the payment of that rent will be postponed to some extent.

'All payments made by a tenant towards rent after the 22nd March 1938 should be credited to the rent for fasli 1347 in the first instance and to the rent for fasli 1346 in the next instance. The tenant is also entitled to pay into the court the amount considered by him to be due towards rent and ask the court for a declaration as to what amount is actually due from him.

Draft Rules

1. No coastal or ferry steamer plying between the Port of Bombay and any other Indian port shall call at or leave the Port of Bombay unless the Master of such steamer is in possession of a certificate, issued not more than six months prior to the date of arrival or departure, to the effect that such steamer has been inspected by an accredited Port Health Authority, and that the rat population has been reduced to a minimum.

2. (1) The Port Health Officer, Bombay, may, in his discretion, require any coastal country craft or class thereof plying between the Port of Bombay and any other Indian port, or any lighter or barge or class thereof plying within the limits of the Port of Bombay, to be in possession of a certificate to the effect that such craft has been inspected by an accredited Port Health Authority and that the rat population has been reduced to a minimum.

(2) No such craft shall call at, leave, remain in or ply within the limits of the Port of Bombay (as the case may be) unless the Master (or, in the case of lighters and barges, the owner) thereof is in possession of such a certificate issued not more than six months prior to such requirement.

3. Nothing contained in Rules 1 and 2 shall be deemed to prohibit a vessel, the required certificate of which has expired, from entering and anchoring within the limits of the Port of Bombay pending inspection by an officer of the Customs Department or Port Health Department.

4. A vessel in possession of the required certificate shall, in the discretion of the Port Health Officer, Bombay, be liable to detention at any date prior to the expiration of six months from the issue of such certificate if, on inspection, the rat population of such vessel is found not to have been maintained at a minimum.

5. Notwithstanding anything contained in Rules 1 and 2 the Port Health Officer, Bombay, may, during a period of one year from the date of operation of these Rules, permit any vessel, not in possession of the required certificate to call at the Port of Bombay for purposes of inspection and fumigation.

6. (1) When any vessel, in respect of which a certificate is required to be issued or renewed, calls at the Port of Bombay, the Master or owner of such vessel or any person authorized to act on his behalf shall forthwith submit to the Preventive Officer boarding the vessel or to the officer in charge of the Customs Office, an application for the issue or renewal of the required certificate, and such officer shall forthwith transmit such application to the Port Health Officer for disposal.

(4) If the required certificate of an application to the Port Health Officer, for the issue or renewal of such certificate is not produced before the Customs Officer, permission to enter the Port of Bombay or the issue of Port Clearance may be withheld from any vessel, pending the receipt of instructions from the Port Health Officer.

7. (1) These rules shall not apply to—

(2) If the Master of any vessel referred to in clause (a) of sub-rule (1) desires to enter any dock or come alongside any wharf or land any cargo or merchandise, he shall forthwith notify the Customs Office, and such vessel shall not leave its anchorage until visited and, if necessary, disinfected by the Port Health Officer who shall thereafter issue a certificate to that effect.

8 For the purposes of these Rules—

(1) a vessel shall not be deemed to have "called at a port" merely by reason of having loaded or taken on board passengers, personal luggage, mails, merchandise or other cargo, if such vessel has not, at the time of such loading or taking on board, come into direct communication with the shore by going alongside any wharf or entering any dock for such purpose.

(2) vessels landing luggage or cargo of any description into lighters for transmission ashore shall be deemed to have come into direct communication with the shore, and shall be liable to inspection and disinfestation in the discretion of the Port Health Officer; and

15. The knowledge of the duplicating machines mentioned above with regard to the cutting of stencil and the inking of copies in them will be dispensed of candidates with effect from the examination of January 1925. They are, therefore, warned to pay adequate attention to the part of the syllabus. Candidates are expected to bring with them when they attend the Oral and Practical examinations, any one of the above duplicating machines in addition to the particular kind of typewriter which they used while answering the written test.

16. *Seats and accommodation for the candidates.*—(a) Candidates will be permitted to bring with them for their use at the examination hall their own tables, chairs or stools, if they choose; provided they take care to see that by so doing, they do not give room to the slightest disturbance being caused in the examination hall.

(b) The candidates will be allowed to take their seats in the examination hall five minutes before the appointed hour for giving out the question paper and supplied with the necessary paper for answering and set their machines ready for work with paper inserted in them and to leave their register numbers at the left hand corner of their answer papers and the particular kind of Typewriter they use at the right hand corner, typed before the question paper is given to them.

17. Candidates are strictly told not to write anything on the question paper itself. Calculations or any other point they wish to note must be written on one of the blank sheets supplied to them and such sheets including the carbon papers should be left on the table. Further, candidates are strictly warned not to take carbon copies more than what is required of them in the question paper.

20. Managers and Instructors will be allowed into the examination hall in the intervals between the various batches to inspect the machines and to remedy any defects. 21. If, however, a candidate reports to the Superintendent that his machine has gone out of order, the Superintendent will intimate that to the Manager or Instructor if he is waiting outside on the premises, and will permit such Manager or Instructor to go to the hall (though the candidates may be at work) to inspect the machine and to remedy the defect or to supply another machine. It must, however, be clearly understood that the Superintendent incurs no responsibility in this matter; his action will be purely *ex gratia* the whole responsibility resting on the candidate and the Manager or Instructor.

22. A sum for conveyance will be allowed in the case of a private candidate, if he has someone outside who is willing to inspect the machine and put it right, etc.

23. *No extra time will be given to candidates to compensate for loss of time while the machine is out of order and is being put right.*

25. Lower Grade—Candidate's Hall Ticket.—Tickets of admission specifying the particular batch (first or second and so forth to which the candidates admitted to appear) will

Those tickets should be shown at the entrance to the examination hall. Candidates who do not produce tickets will be admitted to the batch specified on the ticket. Candidates who do not provide themselves with tickets cannot claim to be admitted only into any particular batch. They will be admitted only, if space is then available in the hall. Duplicate seats are reserved for those who have applied for their seats and obtained tick to for the batch. Candidates who do not hold tickets will accordingly have to wait at the entrance to the examination hall from the hour of commencement of the first batch and take their chance of being provided with seats in the first or in any subsequent batch. To avoid all inconvenience and possible disappointment, *heads of* not candidates who have deputed that their papers should be examined in batches are requested to appear for their examination with the third batch for the Lower grade. Failure to do so may preclude them from registering their names for that batch and obtaining tickets accordingly.

27. Candidates for the *Higher grade* may appear for the first *or second* batch at their option and no tickets *accordingly are issued for the grade.*

28. Instructors' Hall Ticket.—Managers of Institutes of Institutions and other persons who wish to be allowed into the examination hall in the intervals between the examinations of the various batches to inspect the machines and remedy any defects, are requested to call at the office on the day and hour specified above with all the necessary information as to the number and name of candidates that will attend on the particular batch on the day fixed for the examination and obtain tickets of admission accordingly. *No tickets can on any account be sent by post whether to heads of Institutions or to persons candidates.*

29. Candidates that have sent a separate machine and that do not want to be examined in batches are requested to appear for their examination with the third batch for the Lower grade. Failure to do so precludes them from registering their names for that batch and obtaining tickets accordingly.

30. Candidates for the *Higher grade* may appear for the first *or second* batch at their option and no tickets *accordingly are issued for the grade.*

31. Instructor's Hall Ticket.—Managers of Institutes of Institutions and other persons who wish to be allowed into the examination hall in the intervals between the examinations of the various batches to inspect the machines and remedy any defects, are requested to call at the office on Thursday, 28th April 1938, and have their names registered. Tickets of admission specifying their names, the institutions to which they belong, etc., will be issued to them and these should be produced at the entrance to the examination hall.

Both at Madras and in the Mofussil.

Attention is particularly drawn to the following rules:—

32. No candidate will be allowed to enter the examination hall unless he wears a clean and decent dress, and in all cases where good manners require it, a suitable covering for the head, nor will he be allowed to keep his shoes on unless they are shoes of English pattern, and socks and trousers are worn also.

33. No candidate suffering from any contagious disease will be admitted to the examination hall.

34. Candidates appearing from recognized or approved schools should also obtain a similar certificate from the head of the institution concerned.

The following form of identification certificate is prescribed:—

1. This is to certify that the bearer . . . . . is known to me and that he is a bona fide candidate appearing for the Government Technical Examinations in . . . . . (subjects with grades have to be specified).

2. The signature of the candidate affixed below was taken in my presence.

Signature with designation or address . . . . . .
Date . . . . . .

35. Candidates are requested to note carefully the particulars given in the nominal list and satisfy themselves whether they tally with those as given by them in their applications for admission to the examinations, so that any alterations with regard to their initials, name or class of examinability or any other correction that may appear necessary might be pointed out by them in writing to the Chief Superintendent.

36. No candidate will, on any account, be allowed to take into the examination hall slates, books, or portion of a book, ruled paper, manuscripts or papers of any kind. Any candidate detected in the violation of this rule or detected in speaking to, or in any way communicating with or copying from each other and in communicating with any other person outside the examination hall or having recourse to any unfair practices will be sent out of the hall forthwith and his conduct reported to the Commissioner for disciplinary action. The use of mathematical instruments for drawing figures or ruling lines will, however, be allowed.

37. Strict silence should be maintained in the examination hall.

38. Candidates are expected to take their seats in the examination hall at least five minutes before the time fixed for giving out the question papers. No candidate will be allowed to quit the examination hall on any day until the expiration of half an hour from the time fixed for the commencement of the examination and candidates coming after the expiration of that half hour will not be admitted.

39. No candidate will be allowed to re-enter the examination hall during the hours of examination after once quitting it, nor to leave the hall without finally giving up his answer papers.

38. Candidates are forbidden to tear up paper, or to throw ink or papers on the floor. All 'rough' copies, etc., should be left on the desk where the candidate has been writing.

39. Candidates may have to write their answers on both sides of the paper supplied to them and they will receive the necessary instruction on this point in the examination hall from the Chief Superintendent of the examinations.

40. No candidate will be allowed to exceed the time assigned to each paper.

41 As soon as candidates have finished writing their answers and wish to give up their answer papers, on all the end of the period prescribed for each particular part of the examination, each should rise from his seat and remain standing until one of the Superintendents has gone up to him and has received his answer paper from him. Any candidate wishing to ask any question of the Superintendent will pursue the same course but will on no account leave his seat.

42. The answer papers should be stitched or pinned together at the top at left-hand corner, and the whole folded into two, lengthwise (not crosswise into four). The register number, the place of examination and also (in the case of the examinations in Shorthand, the particular system adopted) and (in the case of the examinations in Typewriting, the name and Model number of the Typewriter used) should be written out clearly by the candidates on the top right-hand side of the first page of the answer paper, no writing on the top of the paper after it is folded.

[N.B.—(2) Candidates are strictly forbidden to write at type their names on the answer papers.

(3) Candidates should distinctly understand that failure to furnish each one of these particulars may involve the rejection of entire help answer papers—probably the answer paper sent up without the candidate's register number will be the first to be rejected.]

43. Candidates whose names are not in the printed list furnished to the Chief Superintendent must submit a written declaration through the Chief Superintendent giving full particulars in regard to themselves including *their address*, and furnish such evidence as may be possible of their having applied for admission to the examinations at the proper time and paid the prescribed fees. The answer papers of such candidates will not be valued unless it is clear that the omission of their names is due to no fault of theirs.

44. Candidates choosing to change their place of examination without previous permission or appearing at any centre other than the one at which they ought to have appeared according to the notice published in the Gazette, must not expect to have their papers valued or their results published. In all cases where permission has been granted, the memorandum or letter permitting the change should be produced for the satisfaction of the Superintendents.

45 *Any candidate who does not behave properly towards the Chief and Assistant Superintendents of the examinations or is suspected of having had recourse to malpractice of any kind in connection with the examination or whose answer papers contain objectionable matter, is liable to have his examination invalidated and also to be debarred from appearing again for any of the examinations under the control of the Commissioner for such term of years as the Commissioner may think fit; or if the Commissioner is not satisfied for any reason whatever as to the trustworthiness of his results he may be required to undergo a re-examination at some future date to be fixed by the Commissioner in any one or more of the subjects of the examination for which he appeared, the success or failure being determined on the results of such re-examination.*

4f Candidates are forbidden to communicate with the Examiners; should they do so, their answer papers will not be valued and further their conduct will be reported to the Commissioner for any action that he may deem fit

47 No information can be furnished in regard to the results of a candidate in any subject or in regard to the marks obtained by him or in regard to the particular section or subdivision in which he may have failed. The names of successful candidates in each subject arranged in two classes, First and Second, will be published in the *Fort St. George Gazette*. The pass list for each grade of a subject as published in the Gazette is complete and final. Applications from or on behalf of unsuccessful candidates asking for information as to the cause of failure or for a revaluation of the answer papers will not be attended to. Candidates who were directly admitted in IV Form of a secondary school without successfully undergoing the III Form course but have put in a full year's course in the IV Form and appeared for the annual examination will also be admitted to training though they are not qualified for promotion subject to the approval of the Director of Public Instruction, Madras, as per his Proceedings R.C. No. 2893-E of 1936, dated 9th July 1937. The Deputy Inspectors should carefully scrutinize the general educational certificates of the applicants for training and satisfy themselves with reference to their previous school history that they have pursued a regular course of study in recognized schools.

Only copies of general educational certificates duly compared with the originals and attested by the Inspecting officers concerned should be enclosed to training applications. Original certificates together with medical, conduct and landed property statements are required to be produced by the candidates selected before the headmasters of training schools concerned at the time of their admission.

It is, therefore, quite necessary that the Inspecting officers while recommending applicants for training should bear in mind the following instructions to avoid indiscriminate recommendations :—

(i) Whether an applicant is actually required for appointment as teacher in the school, the manager of which has promised employment after training.

(ii) Whether the manager has provided appointment to those whom he recommended previously.

6. Candidates should submit their applications for training to the Deputy Inspectors of the ranges concerned.

(ix) Whether the candidate is actually required for employment after training in the school referred to in column (viii)
(x) Remarks.

8 Applications of candidates who seek admission from unrecognised schools and those who are not required for employment after training in the school, the manager of which promised employment, should be included in the rejected lists.

9. Service of candidates who had previous experience as teachers should invariably be verified and a certificate of verification be appended to the training application. In the consolidated lists the candidates who deserve shortened course of study should first be shown and then the rest both customary.

10. The certificate of provisional appointment should always be signed by the manager of a recognised school and by no body else for him. The nature of the appointment together with the post reserved for the applicant should be clearly specified. Applications with vague promises of appointments should be included in the rejected lists.

11 Every selected candidate will be on probation for fifty working days.

12. *Forms of applications*.—Revised form (revised in Proceedings Dis. No. 356 of 1937, dated 20th January 1937 of the Director of Public Instruction, Madras) will be available with the Inspecting officers.

13 No application should be returned to the Deputy Inspectors office or returned to the parties before its submission to this office.

14. Candidates of other districts should submit their applications through the District Educational Officers concerned.

MADRAS COMMERCE REPORT FOR THE MONTH OF FEBRUARY 1938.

There have been few occasions in recent years when a confident forecast as to the economic outlook was as difficult to make as at present, as for one thing events are more than usually dependent upon the incidence of policy, especially in the United States of America. In the month of February, the international background remained unpropitious and has since worsened, while on the world economic front, there was no fundamental change. There is hardly a country which has not been adversely affected by the decline in world production and trade during the last six months though the extent of the set back has been far from uniform. Activity in most countries is now either marking time or declining. The position in the United States of America continues unpromising and it is difficult to envisage a sustained expansion of business activity in that country in the immediate future, though in the longer view, prospects may appear somewhat more favourable. The Federal Reserve index of production reached a bottom of 60 during the difficult days of 1932. The level of 81 for January and an estimated level of 80 for February may represent a bottom from which a recovery may emerge in some degree under current conditions. Discussion continues unabated as to whether the world is faced with a slump or merely a recession in business. The views of a dozen well-known American professional economists were obtained recently by a journal in the United States. The economists were unanimously of opinion that the present "depression" would be less severe than that of 1929. All but one thought that recovery would begin during the present year. A little more than half of them

thought that recovery would become evident in the last six months, the others considered that it would begin before June. This is encouraging, so far as it goes although it must be remembered that only three or four months ago, it was generally considered that there was a reasonable hope of recovery coming in the spring, and this has already been obtained. February was a quiet month for the commodities in which Madras is interested. Following the enactment of the Farm Bill in the United States, cotton was fairly steady. The depressing conditions ruling in the cloth market in January continued in February and at the end of the month there were still large stocks in dealers' godowns. The tanned hides market was quiet in the first part of the month although prices steadied up somewhat later. The tanned goat skins and tanned sheep skins markets were quiet and easier, the improvement anticipated at the end of the previous month failing to materialise. On the other hand, groundnut staged a welcome recovery and closed higher. Prices of paddy and rice underwent little alteration. The pepper market was dull at the beginning of the month but towards the end it firmed up owing to fair Indian and slight European demand and closed steady. Owing to buying by Bombay merchants against sales in Europe the ginger market advanced during the latter part of the month and closed firm. The coir yarn market was dull and prices declined. Values of copra and coconut oil appreciated a little in response to a slightly improved demand. The sugar market closed steady with prices higher on balance. The demand during February for locally manufactured acids and chemicals was only fair.

Groundnuts.

The demand for groundnuts was poor and prices receded in the early part of the month. Subsequently export demand improved and prices were on the upward trend. The average wholesale prices of standard varieties at the main producing centres were as follows :—

	For candy of 561 lb.
28th January 1938	Rs. 19-3-0 to Rs. 22.
25th February 1938	Rs. 21 to Rs. 23-4-0.

Paddy and Rice.

The demand for paddy and rice was normal and prices were firm with an upward tendency. The average wholesale prices of standard varieties at the main producing centres were as follows :—

	Indian paddy per bag of 180 lb.
28th January 1938	Rs. 4 to Rs. 4-10-0
25th February 1938	Rs. 4 to Rs. 4-11-0.
	Indian rice per bag of 150 lb.
28th January 1938	Rs. 6-4-0 to Rs. 7-2-0.
25th February 1938	Rs. 6-4-0 to Rs. 7-2-0.
	Rangoon rice, raw, broken, A-1 per bag of 200 lb.
31st January 1938	Rs. 6-3-0 } Madras.
28th February 1938	Rs. 5-2-0 }
	Calcutta Rice (Gingarai) boiled per bag of 164 lb.
31st January 1938	Rs. 6-12-0 } Madras.
28th February 1938	Rs. 7-2-0 }

Cocoanut Products.

On account of less European and Indian demand and good arrivals, prices of Quilandi yarn declined but closed steady. Prices of Beypore yarn declined due to a falling off in Arab demand. European demand for Cochin yarns was very poor, but Calcutta continued to buy, otherwise prices would have declined further. There was a little better demand for copra and coconut oil during February and on balance prices appreciated slightly.

Cotton.

Tinnevellies.—A few hundred bales of various grades of old crop were bought up by some of the mills at Madura at rates ranging from Rs. 210 to Rs. 180 per candy of 784 lb. At the end of February, there was still a fair amount of last year's cotton carried over to the new season. The first arrivals of new crop cotton came into Virudunagar at the end of February and initial transactions were put through at Rs. 185. Prices, however, declined gradually to Rs. 170. No business was done at other centres although pickings have started in most areas.

Cambodia.—A fair business continued to be done in mill crop with Coimbatore mills the only buyers at prices ranging from Rs. 230 per kan to Rs. 200. New crop arrivals from Salem district began to arrive by the middle of February and the first arrivals from Coimbatore district appeared by the end of the month. Salem Cambodia promises to be of much the same quality as last year and first arrivals at Tiruppur and Coimbatore also indicate normal qualities for these areas. Salem Cambodia was first transacted at Rs. 225 and declined to Rs. 200 by the end of February.

Sugar.

The Madras sugar market was firm during the earlier part of February and prices gradually increased to the level of Cawnpore quotations owing to irregular arrivals, low stock position, good demand from interior markets and higher basic prices fixed by the Indian Sugar Syndicate. There was also some speculative business in the first half of the month by dealers who anticipated an increase in excise duty. Later, owing to a rumour from Cawnpore that excise duty would be lowered, dealers began to clear stocks at best market rates and consequently prices declined slightly. The market closed steady with little business passing pending the Budget announcement. Madras prices of North Indian sugars ranged from Rs. 21-8-0 to Rs. 22-8-0 per bag of two cwt. in February as compared with Rs. 20-12-0 to Rs. 21-14-0 in January. Upcountry markets were steady and prices improved in sympathy with the Cawnpore market.

Tanned Hides and Skins.

Tanned hides.—In the first part of February the market was quiet due largely to the fact that the question of the new standards had not been settled. Eventually, however, factors in the United Kingdom agreed to shippers' terms with the result that an improved demand set in. The United Kingdom trade, however, was still quiet with America showing little interest. For the last part of the month prices remained steady on the following lines:—

Prime 5½ lb. 14 1/8 d. Prime, 6½ lb. 12 d. Goods 7½ lb. 12½ d.

ഏറ്റവും കഷ്ടപ്പെടുത്തുന്നതും ഏറ്റവും കുറഞ്ഞതുമായ നിരക്കുകൾ നിശ്ചയിപ്പാൻ മൈനർ റെയിൽവേ അധികാരത്തിനുള്ള അധികാരം.

(2) ഈ വകുപ്പിലെ നിബന്ധനകളനുസരിച്ചു് മൈനർ റെയിൽവേ അധികാരം പുറപ്പെടുവിച്ചിരിക്കുന്ന വല്ല കല്പനയും ഒരു റെയിൽവേ കണ്ടാക്ടർ ലംഘിക്കുന്നപക്ഷം വല്ല ആവശ്യത്തിനും ആ അധികാരം തീരുമാനിക്കുന്നതാകുന്നു."

ഉദ്ദേശകാരണങ്ങളുടെ വിവരണം.

(ഭേദഗതിചെയ്യപ്പെടുന്നു) 1890 ലെ ഇന്ത്യൻ തീവണ്ടിവഴി ആക്ടിലുള്ള ഒന്നാം സൂചന (വീക്ഷ) 'പരിശോധിക്കുന്നതിനാണ്' ഈ ബിൽ കൊണ്ടുദ്ദേശിച്ചിട്ടുള്ളത്. ഇന്ത്യയിലെ റെയിൽവേകളുടെ കാര്യത്തിൽ ഏറ്റവും കഴിഞ്ഞതും ഏറ്റവും കാര്യക്ഷമമായ നിയന്ത്രണം ചുമതലപ്പെടുത്തുന്നതിനും നിലനിർത്തുന്നതിനും ഗവർണ്മെന്റിനു അധികാരം നല്കുന്ന വകയൊന്നു നിലവിലുള്ള ആക്ടിൽ ഇപ്പോൾ ഇല്ലാത്തതായിട്ടുണ്ട്. എന്നാൽ, റെയിൽവേ പ്രവൃത്തി തുടങ്ങിയ കാലം മുതല്ക്കു തന്നെ ഗവർണ്മെന്റ്, ഇന്ത്യയിലുള്ള എല്ലാ റെയിൽവേകളുടെയും കാര്യത്തിൽ, അവ ഗവർണ്മെന്റ് തന്നെയോ, സ്വകാര്യ കമ്പനികളോ, ഇന്ത്യൻ നാട്ടു രാജ്യങ്ങളോ, തദ്ദേശാധികാരങ്ങളോ, പ്രൊവിൻഷ്യൽ ഗവർണ്മെന്റുകളോ സ്വന്തമായിവെക്കുകയോ ഭരിക്കുകയോ ചെയ്യുന്നവയായാലും ഏറ്റവും കാര്യം നോക്കാതെ, ഈ അധികാരം പ്രയോഗിച്ചിരുന്നു. ഒരു പുതിയ ഷെഡ്യൂൾ റെയിൽവേ നിയമം പാസ്സാക്കുന്നകാലം വരെയോ, പാർലമെന്റ് യഥേഷ്ടം അങ്ങനെ ചെയ്യുന്നതുവരെ നീണ്ടുനില്ക്കുന്ന ഒരു കാലത്തേക്കോ, കേന്ദ്രഗവർണ്മെന്റിനെ ഈ അധികാരത്തിനു നിയന്ത്രണം ചെയ്യുന്നതിനും ഇന്ത്യൻ തീവണ്ടിവഴി ആക്ടിൽ ഒരു ഭേദഗതി വരുത്തേണ്ടതു അത്യാവശ്യമാണെന്നു കണ്ടിരിക്കുന്നു.
